

KAUNG MYINT MYAT

Web & Mobile Developer

[Portfolio](#)

ABOUT ME

Frontend Developer with 1.5+ years of experience building complex, scalable web and mobile applications used by thousands of users. Specialized in React, React Native, Next.js, Vue, and Nuxt. Focused on performance, clean UI, and delivering production-ready solutions in fast-paced environments. Quick to learn and adapt to modern JavaScript and TypeScript frameworks across both frontend and backend.

EDUCATION

Diploma in Computing (NCC), Computer Science - Dec 2024
Advanced JavaScript offer by Scrimba - May 2026

WORK EXPERIENCE

Better HR, Yangon | Oct 2025 – Present

Frontend Developer (Web & Mobile)

- Built and maintained UI features using React, React Native, Next.js, Vue.js, and Nuxt.js
- Improved performance and reduced load times across key modules
- Contributed to multiple projects and end-to-end product flows across core HR features, improving user experience and system consistency

YOJIN Myanmar Cement | Feb 2023 – Jun 2023

Computer Technician

SKILLS

Frontend

- React, Vue, Next.js, Nuxt.js

Mobile

- React Native (Expo)

Backend

- Node.js

Languages

- JavaScript (ES6+), TypeScript

Tools & Technologies

- Git, Docker, REST APIs, GraphQL

Development Approach

- Performance optimization
- Clean code and best practices
- Code quality & maintainability
- Component-based architecture

PROJECTS

Better HR Mobile App (React Native)

50K+ daily active users

- Developed HR app features including onboarding, leave, KPI, and payslip
- Improved performance and reduced UI lag for large datasets
- Implemented OTA updates (EAS) for faster releases
- Enhanced UX by simplifying flows and handling edge cases

Better HR Dashboard Migration

(Vue 2 / Nuxt 3 → React + Vite)

- Migrated a large-scale legacy dashboard from Vue 2 to React with Vite
- Refactored architecture for better scalability and maintainability
- Improved performance, build speed, and developer experience
- Rebuilt reusable components and modernized state management
